## **PROFILE**

I am a full stack developer, I am good with React-Redux[ES6] and React Native. I have over 6 years of experience in web & mobile app development, different types of web service building , API building, handling big data; I was in contract with different companies and many freelance based work. I have good experience in docker, microservice based application, job queue, caching, scrapping, payment handling & implementing serverless architecture.

## **EXPERIENCE**

**Vyllage LLC** , Portland, Oregon Area , USA — June 2015 - November 2015

I used to do React - Reflux based work, It was a platform that is related to education sector. I solved many architectural problem there, the journey with them was really awesome.

**Noobis Inc**, Dhaka,Bangladesh — July 2012 - June 2015

I was related with many noobis projects, most of the tasks was related with Laravel and Angular JS, solved pre rendering issues there and many challenging stuff, worked with many payment gateways , WordPress theme and WordPress Plugin development , API and large scale e-commerce development.
